CHAPTER I.

AREA AND BOUNDARIES.

Area. The area of the forests is 41 square miles, and that of the State 800.

The percentage of the forest area, therefore, is 5.125.

A little alteration made in the forest area has been noticed in Form No. 16 attached to this report.

Boundaries Pucca demarcation for the following reserves has been proposed in the annual plan of operations for the Sambat 1959.

1. Sanwatsar reserve.	3. Lamba reserve.
2. Tonkra reserve.	4. Akoria reserve.

And the demarcation of the Barā Mālā to be checked has also been proposed in the plan.

CHAPTER II.

SURVEYS, WORKING PLANS, AND ANNUAL PLANS OF OPERATIONS.

Survey. The survey of the Barā Mālā has been proposed in the Annual Plan of operations for the next Sambat.

Working plans. The survey of the Barā Mālā being finished, the working plan for this reserve will be prepared.

Annual plans of operations. These plans, were duly prepared and explained to the subordinates for guidance, as usual and written copies of the same were also have been distributed among them.

CHAPTER III.

PROTECTION AND IMPROVEMENT.

1. Establishment.

Staff. At the end of the Sambat year the staff of the Forest Department stood as follows:—

(a) *Superior Establishments* :—

- 1 Superintendent.
- 1 Assistant Superintendent.

(b) *Protective Establishment* :—

4 Girdawars.

26 Forest Guards.

(c) *Office Establishment* :—

- 1 Forest Ahlmd.
- 2 Moharrirs, one at the Tal Depôt, and the other at Som Yag Mills Depôt.
- 1 Rawanna at Tal.
- 1 Jaldhori
- 1 Farrash.
- 2 Orderlies.
- 1 Cart for the carriage of wood in Tal Depôt.

The enlightened Dewan and Member of Council, Rao Bahadur Babu Syam Sundar Lalji Sahib, B.A., notwithstanding his multifarious duties, advised, as usual, the Superintendent of Forests in all matters relating to Forests.

Mathur Balabakhsh has been appointed as an Assistant Superintendent for executive work.

Girdawar Nawal Singh's case is still pending, and is now under the consideration of the Mahkama Alia Sri Durbar.

Directions of Forest works.

Girdawar Madan Singh has been appointed permanently in his place.

Executive staff.

Sargara Ramoo, a Forest Guard in Kuchil, has been dismissed and fined Rs. 6 by the Forest Department, and Rs. 11 by the Faujdari Court, for misconduct. Ram Chander, a Forest Guard in Sirgaon, has been recommended for dismissal for negligence.

Protective staff.

The number of documents issued during the Sambat year were 1,165.

The Forest Ahlmad, Joshi Bal Krishen has, in addition to his own work, supervised the full accounts of the Bara of Ummmedwars (fuel supply to Umedwars).

Forest guards.

2. General Protection and Breaches of the Forest Rules.

New Forest Rules have been prepared, by the Superintendent of Forests, for the good management of the Department, and have been submitted to Mahkama Alia Sri Durbar for approval and necessary orders.

Office work.

An important case of wood theft was detected by the Kishangarh Girdawar, at the Kuchil Tehsil. The accused were Zamindars of Basra village, and were fined leniently by the Forest Department, through the Tehsil of Kuchil.

Forest Rules.

The following statement shows the number of cases decided by the Department as well as by the Tehsils:—

Forest offences.

Particulars.	No. of Offences.		1958.			Amount.	REMARKS.
	1957.	1958.	Increase.	Decrease.	No. of Offenders.

3. Grazing without permission	18	189	171	...	182	159	0 0
4. Other offences	1	68	67	...	24	41	0 0
Total	45	484	439	...	637	628	14 3

The increase in number, this Sambat, is due to the inclusion of cases, decided by the Tehsildars. Formerly only those decided by the Forest Officer were mentioned.

3.—Forest Fires

All the Forest areas have been successfully preserved from fire.

4.—*Grazing and Fodder.*

Nearly all the Forest areas were opened to grazing on payment.

The following statement shows the number of animals allowed by the Department to graze in different reserves, together with their grazing dues:—

No.	NAME OF RESERVE.	Number of animals.	Grazing dues.			REMARKS.

5.—*Natural Reproduction.*

The rains have been insufficient this year also, and the natural reproduction has not been satisfactory.

6.—*Sowing and Planting.*

Sowing. Babul seeds have been sown as usual on bunds and in tanks, and also in the loose soils in uncultivated areas, in nearly all the Tehsils.

Planting. The planting of trees in commemoration of the Coronation of His Majesty the Emperor of India has been already mentioned.

The gaps in the roadside plantings have been filled up, and some new trees planted. Details have been given under the head, *Arboriculture*.

The coppices in different reserves in the various different Tehsils are doing fairly well, and are promising.

Coppice.

7.—*Experiments and Exotics.*

The Lucerne fields in both the Hakumats, Sarwar and Rupangarh, were cultivated as usual with Lucerne and *khud* (green barley) for the horses. No important experiment has been undertaken in the year under report.

Some 20 plants of Atri plex have been sent for from Saharanpur Botanical Garden for trial on arid areas.

Rosa oil distillation was carried for three weeks at the Kishangarh Grass reserves.

8.—*Communication and Buildings.*

Some repairs have been done, and some pucca almiras made for office papers in the Forest Office.

A cattle compound has also been made in the Bagar Ahata, at Kishangarh.

CHAPTER IV.

YIELD AND WORKING.

The figures given in Forms Nos. 17 and 18 give some idea of the Forest produce utilized during the year under report.

The produce utilized by the people in general is not taken into consideration.

Poor people in cities, towns, and Khalsa villages are allowed to use Forest produce freely, from all the Forest areas, except in some reserves.

The following statement is a summary of the value of the Forest produce, detailed in Forms Nos. 17 and 18:—
